

MY HAND IN YOUR HAND LYRICS

1) You and Me Celebration

You – one of a kind
Me – the only one you'll find
You plus me – a good situation
We're a "you and me celebration"

You – here with a helping hand
Me – ready to understand
You plus me – what a combination
We're a "you and me celebration"

Chorus:
Unique and fun to be
In meaningful harmony
It's a sweet vibration
A "you and me celebration"

You – willing to work it through
Me – ready to learn from you
You plus me and some imagination
Makes a "you and me celebration"

You – liking the message I sent
Me – loving the way you're different
You plus me – a cool creation
We're a "you and me celebration"

Chorus: repeat chorus

There may be times when the rhythm and rhyme
Don't work quite like we planned
But me and you, we'll sing it through
Heart to heart and hand in hand

Chorus: repeat chorus

You and me, you and me.

2) We Fit

We fit, we fit
Our love won't quit
You and me sharing every little bit, cause
We fit

We fit, we fit
Our light stays lit
Never ever gonna give up on it, cause
We fit

Never been another like me
Never been another you
Whatever the weather might be
We'll see it through

We fit, we fit
Our love won't quit
You and me sharing every little bit, cause
We fit

Never been another like me
Never been another you
Whatever the weather might be
We'll see it through

We fit, we fit
Our light stays lit
Never ever gonna give up on it, cause
We fit

You and me sharing every little bit, cause
We fit

In our hearts we're never ever gonna split, cause
We fit

3) I Keep A Kiss In My Pocket

When one of us has to go
And one of us has to stay
We say I love you
In a very special way

(kiss) I kiss your hand
Then you kiss my hand too (kiss)
Then put the kiss in a pocket
To keep the whole day through

I keep a kiss in my pocket
So I don't feel sad or alone
I keep a kiss in my pocket
Until we're both back home

When it's you I miss
I take the kiss
And see you in my mind

I hold you there
And forget my care
And end up feeling fine

I keep a kiss in my pocket
So I don't feel sad or alone
I keep a kiss in my pocket
Until we're both back home

MY HAND IN YOUR HAND LYRICS

5) Every Time I Look at You

Every time I look at you
I see a dream coming true
Every time I look at you
I know just what I want to do

Living every day from dawn to sunset
Doing all the things we haven't done yet
That's all I want to do
Every time I look at you

Every time you look at me
I feel the world as it grows
Every time you look at me
I want to see what you see,
know what you know

Be the one to share your ups
and downs with
Be the one that's there to smile
and frown with
That's who I want to be
Every time you look at me

Time after time I'm amazed at the ways
You touch my heart and enlighten
my mind
Every minute that I'm in it
I take pleasure at the treasure
that you are

You're so bright, you're a light,
you're a star
Head to toe, where you go, sure to know,
you'll go far

Every time I look at you
I see a dream coming true
Every time I look at you
I know just what I want to do

In the rain and snow and dark of night
and sunny day
A hundred different places in a hundred different ways
That's all I want to do, every time I look at
All I want to be, every time you're with me
All I want to do, every time I look at you

MY HAND IN YOUR HAND LYRICS

6) The Sun Always Shines

When it's raining, I feel sad
When it's cloudy, I feel blue
Then you smile and it's not so bad
'Cause every time I see you

The sun shines in my heart
The sun shines in my mind
When I'm with you I find
The sun always shines

When it's gloomy and so grey
When I don't know what to do
You chase all of the gloom away
'Cause every time I with you

The sun shines in my heart
The sun shines in my mind
When I'm with you I find
The sun always shines

The sun still shines beyond the rain
The sun still shines above the clouds
No need to worry or complain
When we smile and sing out loud

The sun shines in my heart
The sun shines in my mind
When I'm with you I find
The sun always shines

The sun shines in my heart
The sun shines in my mind
When I think of you I find
When I hold you in my mind
When we're together, every time
The sun always shines

MY HAND IN YOUR HAND LYRICS

8) Penelope and Mack

Penelope the porcupine was prickly and sharp
But inside she was soft and snuggly. Her friends said,
“No one will ever want you as a pet.”
Penelope smiled and said, “Not yet,

Chorus:

But someday soon somebody’s going to love me
Just the way I am
Sure as the solid earth below
And the bright sun above me
Somebody’s going to cuddle up and hug me
Even now they’re thinking of me
Someday soon somebody’s going to love

Mack the lumberjack had really rough hands
But inside he was soft and tender. His friends said,
“No one will ever want to be your pet.”
Mack just smiled and said, “Not yet,

Chorus: repeat chorus

Then one day by a little tree, Mack met Penelope
She smiled, he smiled,
The smile that tender hearts can see
He picked her up. They shared a tender, snuggly hug
All their friends said, “I wish I had that kind of love.”
I’m hoping
Someday soon somebody’s going to love me
Like a lumberjack and a porcupine
Sure as the solid earth below
And the bright sun above me
Somebody’s going to cuddle up and hug me
Even now they’re thinking of me

Someday soon, there was substance in that hug
Someday soon, they redefined tough love
Someday soon somebody’s going to love me.

9) All Along the Way

Sometimes at night as I watch you sleeping
I wonder if I'm really keeping
All the words that I've been speaking
Do I live the things I say

Although I know I make mistakes
I promise I'll do what it takes
To walk beside you
All along the way

I confess I don't always know
What's always best to help you grow
But with a heart full of love in control
It's going to be okay.

We'll share the laughter, shed some tears
I promise through the passing years
I'll walk beside you
All along the way

And as you dream I feel a sweet release
As if every missing puzzle piece
Will someday find its place with ease
All part of the whole

And as the light falls on your perfect face
I feel covered over with love and grace
Cozy in that forever place
You traced on my soul

I kiss your cheek and as I'm turning
I realize it's me that's learning
As my love for you inside is burning
Every doubt and fear away

Till it's clear, it's been you that's teaching
My promise is I'll keep reaching
To walk beside you
All along the way

11) 'Cause I Love It

Take me on a walk in the woods, 'cause I love it
Sing along to my favorite song, 'cause I love it
Help me paint a pretty picture, 'cause I love it
Hold my hand whenever you can, 'cause I love it

I love everything that we do
But most of all, I love you

Let's talk when we are in the car, 'cause I love it
Let me explore some more, 'cause I love it
Wipe away the sorrow when I'm sad, 'cause I love it
Make the face that makes me laugh out loud, 'cause I love it

I love everything that we do
But most of all, I love you

Give me a snug bug hug, 'cause I love it
Show me a mile wide smile, 'cause I love it
Read the book again and again, 'cause I love it
Kiss me when you tuck me in, 'cause I love it

I love everything that we do
But most of all, I love you

I love everything that we do
But most of all, I love you

MY HAND IN YOUR HAND LYRICS

12) Together Time

Chorus

Two, two, together time
Two, two, together time
Two of a kind, like words that rhyme
Together time

Verse 1

When the sun is bright, in the dark of night
Together time
Eat our favorite food, make a happy mood
Together time

Washing the dishes, sharing our wishes
Together time

Rolling on the floor, skipping out the door
Together time

Chorus: repeat chorus

Verse 2

Sunshine in the park, candles in the dark
Together time
Joke a little while, make each other smile
Together time

Riding in the car, wishing on a star
Together time
Hugging each other, stuck like peanut butter
Together time

T-O. To you, to me
T-W-O. One and one makes two
T-O-O, I never get TOO much of you

Verse: Repeat Verse 1
Repeat Verse 2

Everything is better, when we stick together
Never mind the weather, you and me forever
Got the can do, go to, straight through, true blue
Me and you crew, add it all up, it makes

Chorus: repeat chorus

MY HAND IN YOUR HAND LYRICS

13) A Place Called Hope

(each line is echoed)

There is a place
I want to be
It's a place called Hope
Where I am free

To take a chance
On a brand new day
I'm growing strong
Going to find my way
In a place called Hope

There is a boat
She sails the sea
It's my boat called Hope
And she carries me

Through waters rough
Through waters calm
All my dreams on board
I keep moving on
In a boat called Hope

There is a train
Waiting just for me
It's a train called Hope
So much to see

Out across the land
Moving down the track
No matter where I go
Always brings me back
Oh, my train called hope

There is a place
Deep in my heart
It's a place called Hope
That's where I start
To take a chance

I'm going to be alright
Going to dream my dream
Going to shine my light
In a place called Hope (x6)

MY HAND IN YOUR HAND LYRICS

14) Me and You

Me and you, us two
Doing the things we love to do

There's lots of fun
When one plus one equals two
Me and you

Some things are better
When you put them together
Even though they're good alone

Like the beach and the sun
A hot dog and a bun
Ice cream and a cone

The very same thing is true
With us two
Me and you

MY HAND IN YOUR HAND LYRICS

15) I'll Be There

When you're standing on life's playground, feeling all alone
If you're looking for a friend to call your own

I'll be there...cause I care
I'll be there! I'll be there!
Be there to stand by you, be there to see you through
You can count on me through everything you do – I'll be there!

When you're feeling the ups and downs
On the teeter totter of life
I'll be the friend the on the other end
That makes the balance right

You can climb the ladder to the top
I'll be waiting when you slide back down
It may feel like you're going in circles
But when the carousel comes around

I'll be there...cause I care.
I'll be there! I'll be there!
I'll work to understand! And lend a helping hand!
I'll lend a listening ear. I'll be your biggest fan!
I'll be there!

When it's hard to get things in motion
I'm the friend who will push your swing
When you're feeling big emotions
I know the song to sing

When your search for happiness feels like
A game of hide and seek
Count to ten, then open your eyes
I'm the first thing you'll see

I'll be there...cause I care.
I'll be there! I'll be there!
Be there to stand by you, be there to see you through
You can count on me through everything you do – I'll be there

MY HAND IN YOUR HAND LYRICS

16) When I Look Up To You

When I look up to you
I see someone thinking of me
When I look up to you
I see that you'll always love me

Someone who can show the way
In all you say and do
That's what I see when I look up to you

I look up, early in the morning,
When we start our day
I look up, in the afternoon,
When we work and when we play

I look up, in the evening,
When we're home again
I look up, at night,
When it's time to tuck me in

When I look up to you
I see someone thinking of me
When I look up to you
I see that you'll always love me

Someone who can show the way
In all you say and do
That's what I see when I look up to you
