

# EVERYONE IS SOMEONE LYRICS

## 1)The Whole World's Watching

I got this, bring it  
I'll dance it, I'll sing it  
I'll chance it, it's my choice  
Got my feet, got my voice

Ignite the fire inside me  
Got my own light to guide me

CHORUS:

I dance like the whole world's watching  
Sing like everyone's listening  
Love so my heart gets broken  
Again and again and again

I live a million tomorrows  
Taste the laughter, drink the sorrow  
Sing like everyone's listening  
Dance like the whole world's watching

Today is someday  
I'm living my own way  
I'm giving all I've got  
I'm taking my best shot

Can't put out this fire inside me  
Got my own light to guide me

CHORUS: repeat chorus

BRIDGE:

Me and you can make it two, then three, then four, then even more  
Than anyone ever thought, look at all we've got  
We live (there's no stopping it), love (there's no stopping it)  
Sing (there's no stopping it)

CHORUS: repeat chorus

## 2) AFTER

After I'm aware and learn to accept  
All the thoughts and the feelings inside myself  
I can be aware and accepting of someone else  
The "you in me" – it's called empathy

After I'm accepting and empathic it seems  
We can maybe friends or work as a team  
'Cause anything is possible, when I'm responsible  
That's what I'm after

Acceptance, Friendship, Teamwork, Empathy  
Responsibility; that's the A.F.T.E.R. in me

A – Acceptance

F – Friendship

T – Teamwork

E – Empathy

R – Responsibility

That's the A.F.T.E.R. in me

### **3) I Have a Will**

I have a will – I have a won't  
Sometimes I do – Sometimes I don't

I will take the time to think it through  
I won't say anything that isn't true  
I will stand up for the right things to do  
And I won't let anyone tell lies about you

I can move – I can stand still  
I have a won't – I have a will

I have a will – I have a won't  
Sometimes I do – Sometimes I don't

I will let you be who you want to be  
But I won't let you talk disrespectfully  
I will let you believe in things I can't see  
And I won't let you walk all over me

I can move – I can stand still  
I have a won't – I have a will

I have a will – I have a won't  
Sometimes I do – Sometimes I don't

I will let you have the space to speak your mind  
But I won't let you waste my precious time  
I will let you keep every treasure you find  
And I won't let you take what's rightfully mine

I can move – I can stand still  
I have a won't – I have a will

#### **4) What If Everyone Did It Too?**

I saw the football quarterback being friends  
With the kid that always gets picked last in gym  
Good for them  
What if everyone did it too?

I saw the girl who always gets straight A's in math  
Doing homework with the kid who struggles in class  
Now she'll pass  
What if everyone did it too?

Chorus:  
Talk it out... Work it through... Heart to heart, me and you  
Talk it out... Work it through... What if everyone did it too?

I saw a group of kids walking slow enough  
To make sure the girl on crutches made it on the bus  
It didn't take much  
What if everyone did it too?

I saw a kid trip and fall and spill all his stuff  
Two others turned around and helped him up  
That could be us  
What if everyone did it too?

Repeat Chorus

What if... What if... What if... What if everyone did it too?  
What if... Talk it out. What if... Work it through  
What if... Me and you. What if everyone did it too?

So every day, I use what I have  
To shine a light, share a smile, a tear, and a laugh  
That's what I do  
What if everyone did it too?

That's what I do  
What if everyone did it too?

## **5)I Want to Know**

I want to know what you're thinking

Is it the same as I think?

What is the same, what is different?

Tell me, I'm here

I want to know what you're feeling

Is it the same as I feel?

What is the same, what is different?

Tell me, I'm here

I want to know what makes you happy

I want to know what makes you sad

What is the same, what is different?

Show me, I'm here

I want to know – tell me

I want to know – show me

I want to know – I'm here

## **6) Everyone Is Someone**

Everyone is Someone

She is and he is and  
You are and I am and  
We were and they are and  
We will be certainly  
Everyone is Someone

Things come and things go and  
And things change and who knows what  
Comes next but it's clear that  
I'm here and you're here and  
Everyone is Someone

And for everyone, there is someone who means everything  
And for everyone, there is someone who means everything  
And for everyone, there is someone who means everything

Things come and things go and  
And things change and who knows what  
Comes next but it's clear that  
I'm here and you're here and

She is and he is and  
You are and I am and  
They were and we are and  
They will be certainly  
Everyone is someone

## **7) No Room For Hate**

Room for the big, the small, the short, the tall and in between  
Room for the preps, the jocks, the brainiacs and beauty queens  
Room for the ones who simply try it once and get it right  
Room for the rest of us who make mistakes both day and night

Room to go from good to great – no room for hate

Room for an act of kindness, random smile, another friend  
Room to go out and try; and win or lose, come back again  
Room where a thousand different distant brilliant colors blend  
Room to believe we'll see the day when every war will end

Room to sit and contemplate – no room for hate

Room for the dreamers and the doers to make future plans  
Room for cooperation, caring hearts and helping hands  
Room for another try, a do-over, a second chance  
Room for the dancer to become the dance

Room for more consideration, care in every situation  
Room to let the tension ease; sweet release, inner peace

Room for the magical, the practical, the poetry  
Room for grown up and the child to live in you and me  
Room for a brand new start and time enough to see it through  
Room where we find the common thread that flows through me and you

Room for the good on my plate – no, no room for  
Room to sit and contemplate – no, no room for  
Room to go from good to great – no room for hate

## 8) Strangers and Friends

Your heart beats like mine  
And your head thinks like mine

And we both try to reach to be the best  
And we both get tired and we both need rest  
And we both want the other to understand  
And we both think we have the better plan

To get to the end from the start  
We're strangers and friends  
Both in our heads and our hearts

Your heart beats like mine (your heart beats)  
And your head thinks like mine (your head thinks)

And we both think we know what the other feels  
And we both fail to see what is really real  
And we both are so different and both so much the same  
And we both are to thank and we both are to blame

For how it all ends and where it all starts  
We're strangers and friends  
Both in our heads and our hearts

And my head aches  
And my heart breaks  
And the distance from one to the other  
Is the longest journey I'll ever take

Your heart beats like mine  
And your head thinks like mine

And I'll go all the way to the end  
From wherever we have to start  
To know the strangers and friends  
Both in our heads and our hearts

## **9) Response Ability**

Response ability

Response ability

It's not my fight. I didn't start this  
I'm doing nothing wrong. I'm just a witness  
Still I don't feel right about what I see  
And there's a word I heard that stirs a feeling  
Deep inside of me

Response ability

Response ability

Don't want to risk getting a pay back  
But what if that was me under attack  
Would someone else do something about what I see?  
And still the word that stirs the feeling  
Keeps on echoing inside of me

Response ability

Response ability

I stand up. I speak out  
I have the ability  
To make a change in what I see

I stand up. I speak out  
I have the ability  
To say what's right for you and me

Response ability

## **10) Living In My Own Skin**

### **VERSE:**

I've let the outside world define me  
I get signs to remind me  
I won't let it bind me any more  
I'll show "the me" no one has seen before

### **CHORUS:**

Living in my own skin  
Change the world I'm living in  
No more giving in, time to begin  
Living in my own skin

### **VERSE:**

They say things on the internet  
But I'm not an electronic handset  
I can break free from all the words they say  
What they say is more about them than me anyway

**CHORUS:** repeat chorus

### **BRIDGE:**

I don't have to fight to make it  
I can be braver, I can be bolder  
They can give it but I don't have to take it  
I'm strong enough to let it roll off my shoulder

**CHORUS:** repeat chorus two times

## **11) I Make The Difference**

I make, I make the difference  
I make, I make the difference

VERSE:

There he is, that guy  
That makes me feel \*a!!\$ #ee+! ill  
Will it be like last time  
The same d\*^@! >o!! deal?

I can find a way above  
The push and shove, 'cause

CHORUS:

I make the difference  
I say what this is  
I choose this moment, I'm going to own it  
I make the difference

VERSE:

There she is, that girl  
With her clothes and her \*a!!\$ #ee+! walk  
Will it be like last time  
The same d\*^@! >o!! talk?

I find a way beyond the  
Same old drama, 'cause

CHORUS: repeat chorus

BRIDGE:

He may not be ready to change but I am  
She may want to stay the same but I've got a different plan

CHORUS: repeat chorus

## **12) Take the Bull Out of Bullying**

Take the bull out of bullying

Take the bull out of bullying

Take the bull out of bullying

It's been around for many, many years

I use what I've got to cause pain and fear

In somebody else, until I make all the decisions

And they do what I want.

That's one definition of bullying. But the question is why?

The answers complicated but at least let's try

To understand it when I see it rise in someone else

But mostly when I see it coming up in myself

It could be fear or it could be competition

Or the quest for the glory of a big reputation

Or it could be, and here's the most hurtful one

Just plain fun

Take the bull out of bullying

Take the bull out of bullying

Take the bull out of bullying

Competition, fear, reputation, fun

Which one, which one, which one, which one?

Long ago we had to face off and compete

For land or water or something to eat

But these days our basic needs are pretty much complete

So what's all the bullying about?

Let's talk about bullying for fun

Of course it's not fun if you're the bullied one

And when the bully is aware of the damage being done

The fun stops

Am I afraid? That someone's going to see me  
The weakness and the flaws inside the real me  
If they did would they laugh and up and leave me  
Is that why I pick on someone else?

If I build my reputation on someone else's weakness  
One day someone stronger is going to come along and see this  
Then I'll be the one doing what the other pleases  
A victim of my own disease

Take the bull out of bullying  
Take the bull out of bullying  
Take the bull out of bullying  
Take the bully out of me

So if I take out the "bull" then I'm left with the "ying"  
Compared to the "yang", the "ying" is the thing  
Inside of every one of us that longs to bring  
Balance, rest, peace and understanding

So the one and only way to stop the bully  
Is to recognize and stop the bully in me  
Let compassion rule, choose the peaceful thing  
Once and for all, take the bull out of bullying

Take the bull out of bullying  
Take the bull out of bullying  
Take the bull out of bullying  
Take the bully out of me

### **13) Forever**

This world is bound to be changing  
And we're bound to be changing too  
You start looking at me a little different  
'Cause of the way different I'll be looking at you

And maybe we'll grow closer together  
Or maybe further apart  
But that's just my head a talkin'  
It means nothing to my heart

I'm not going to worry about that anyway  
I'm in no hurry. I like how I feel today  
I love who I am when we're together  
So from friend to friend, this moment is forever

I love who I am when we're together  
So from friend to friend, this moment is forever
