

## FEELING POSITIVE LYRICS

### 1)Feeling Positive

Put on your favorite pajamas  
Bring a friend along  
Start moving those dancing feet  
Sing a brand new song

Welcome to tomorrow  
Welcome to the way I live  
Twice the laughter, half the sorrow  
Feeling positive

Candy sprinkles on ice cream  
The way the rainbow shines  
Glitter and glue on construction paper  
Finger paint in my mind

That's the way I see it  
That's what I've got to give  
Know it, show it, see it, be it  
Feeling positive

Feeling hopeful – looking forward to something new  
Feeling kind – let me do something special for you  
Feeling curious – have to know how it all came to be  
Feeling thankful – for every little thing that happens to me

That's the way I see it  
That's what I've got to give  
Know it, show it, see it, be it  
Find it, face it, feel it free it  
Every little thing inside of me, it's  
Feeling positive

## **2) The Weather Inside is Fine**

Sometimes the sun is hot  
Sometimes it rains a lot  
The weather's gonna change  
The weather's gonna change

Sometimes there's a tropical breeze  
Sometimes the water's going to freeze  
The weather's gonna change  
The weather's gonna change

### Chorus:

But the weather inside is fine  
Sunny and warm all the time  
I've got my own weather inside  
And the weather inside is fine

Sometimes it's foggy and wet  
But here's something you must not forget  
The weather's gonna change  
The weather's gonna change

The wind may blow and the snow may snow  
But it feels like Jamaica where ever I go  
The weather's gonna change  
The weather's gonna change

Chorus: repeat chorus

### Bridge:

Through the wind and the rain I don't complain  
I just walk on through  
No need to frown, nothing gets me down  
Inside my skies are blue

Chorus: repeat chorus

### **3) O-P-T-I-M-I-S-T-I-C**

O-P-T-I-M-I-S-T-I-C I'm optimistic

O-P-T-I-M-I-S-T-I-C I'm optimistic

Optimism, optimism, what does it mean?

It means I shine on the sunny side

Fall on the funny side

Beam on the bright side

Roll out on the right side

Yes, I live on the light

Turn wrong to right side

Let me see it, I can be it

Take me to it, I can do it 'cause I'm

O-P-T-I-M-I-S-T-I-C I'm optimistic

O-P-T-I-M-I-S-T-I-C I'm optimistic

Optimism, optimism, what does it mean?

If you give me lemons, I'll make lemonade

If I don't get what I want, I'll just make a trade

I may not have lightning speed but I know how to win

If at first I don't succeed, I try and try and try and try again

Because I'm

O-P-T-I-M-I-S-T-I-C I'm optimistic

O-P-T-I-M-I-S-T-I-C I'm optimistic

Optimistic, optimistic, optimistic me.

#### **4) Penelope and Mack**

Penelope the porcupine was prickly and sharp  
But inside she was soft and snuggly. Her friends said,  
“No one will ever want you as a pet.”  
Penelope smiled and said, “Not yet,

#### **Chorus:**

But someday soon somebody’s going to love me  
Just the way I am  
Sure as the solid earth below  
And the bright sun above me  
Somebody’s going to cuddle up and hug me  
Even now they’re thinking of me  
Someday soon somebody’s going to love

Mack the lumberjack had really rough hands  
But inside he was soft and tender. His friends said,  
“No one will ever want to be your pet.”  
Mack just smiled and said, “Not yet,

#### **Chorus:** repeat chorus

Then one day by a little tree, Mack met Penelope  
She smiled, he smiled,  
The smile that tender hearts can see  
He picked her up. They shared a tender, snuggly hug  
All their friends said, “I wish I had that kind of love.”  
I’m hoping  
Someday soon somebody’s going to love me  
Like a lumberjack and a porcupine  
Sure as the solid earth below  
And the bright sun above me  
Somebody’s going to cuddle up and hug me  
Even now they’re thinking of me

Someday soon, there was substance in that hug  
Someday soon, they redefined tough love  
Someday soon somebody’s going to love me.

## **5) Bad-Good (Let's Rock!)**

Complain, complain, comin' down like rain  
About to drive me insane, how people complain

Shine a light, shine a light, baby, big and bright  
Everything's alright, when we choose to shine a light

Good, Bad, Happy, Sad  
Win, Lose, It's my choice, here's what I choose

Bad is something that happens  
Good is something that stays  
Out of the bad that happens  
Something good always comes my way – Let's rock!

It's a choice, it's a choice, the tone of my voice  
The way I play with my toys, it's always a choice  
Make it better, make better, get my act together  
Make my own sunny weather, choose to make it better

Good, Bad, Happy, Sad  
Win, Lose, It's my choice, here's what I choose

Bad is something that happens  
Good is something that stays  
Out of the bad that happens  
Something good always comes my way – Let's rock!

Bad happens then goes away  
The good stays, the good stays

## **6) The Sun Will Rise and Set**

The sun rises. (The sun rises.)

The sun sets. (The sun sets.)

The sun rises. (The sun rises.)

The sun sets. (The sun sets.)

Can you count on the sun?

(Can you count on the sun?)

You bet! (You bet!)

The sun will rise and set, you bet!

(The sun will rise and set, you bet!)

The rain clouds float. The rain falls.

Can you count on the rain?

Sure y'all!

The rain will float and fall, y'all!

The sun will rise and set, you bet!

The seasons come. The seasons go.

Can you count on the seasons?

Everybody knows!

The seasons come and go, you know!

The rain will float and fall, y'all!

The sun will rise and set, you bet!

Feel the feeling. Let it pass.

Can I count on my feelings?

First to last!

Feel the feeling, let the feeling pass, first to last!

The seasons come and go, you know!

The rain will float and fall, y'all!

The sun will rise and set, you bet!

## **7) Things Are Going to Get Better**

Sometimes some things get in the way  
Sometimes my friends don't want to play  
That's the way it goes, sometimes  
But tomorrow's going to be just fine

Things are going to get better  
Things are changing like the weather  
Things are going to get better I know  
'Cause that's the way it goes

Some days I have a runny nose  
Some days I trip and stub my toes  
That's the way it goes, some days  
But tomorrow's going to be Okay

Things are going to get better  
Things are changing like the weather  
Things are going to get better I know  
'Cause that's the way it goes

Lunch isn't what I want to eat  
I got tricked when I wanted a treat  
My puzzle is missing a piece  
Somebody's sitting in my favorite seat

Things are going to get better  
Things are changing like the weather  
Things are going to get better I know  
'Cause that's the way it goes

## **8) Wondering Why**

I'm wondering why, why  
Would you please tell me why?  
I'm wondering who, who  
Would you maybe tell me who?

I'm wondering where – here or there?  
And when – now or then?  
And what – Is it true or is it really not?

Let me thoroughly examine everything that passes by  
The who, the what, the when, the where  
I'm wondering why.

I'm interested in this situation  
I'm seeking a simple explanation  
I'm starting a new investigation  
I'm throwing out all the limitations

Learning all there is to know  
In all the earth and sky  
The who, the what, the when, the where  
I'm wondering why.

## **9) I'm Curious**

There was a horse who saw a zebra  
And said, "I'm curious about your stripes."  
The zebra said, "They help me when I'm running  
For safety. They might just save my life."

Then the horse and zebra saw a giraffe, and said,  
"We're curious why you have a long neck."  
The giraffe said,  
"So I can eat leaves way up in the trees,  
And I don't even have to stretch."

Then the horse and zebra and giraffe  
Saw a hippopotamus, and said,  
"We're curious about your thick skin."  
The hippo said, "It helps me when I'm floating in the water.  
It keeps the outside out and the inside in."

Then the horse and zebra and giraffe and hippo  
Saw an elephant, and said,  
"We're curious about your long nose."  
The elephant said, "It's a trunk  
And I use it to breath and eat and drink and lift,  
And sometimes as a water hose."

Then the horse and zebra and giraffe  
And hippo and elephant saw a monkey  
And said, "We're curious about your tail."  
The monkey said, "It helps me climb and swing  
And play and sometimes hang around  
I can live in the trees all my life  
And never touch the ground."

Then the horse and zebra and giraffe  
And hippo and elephant and monkey  
Saw a boy and girl, and said,  
“We’re curious all about you.”  
The boy and girl smiled and said,  
“We’re curious about you too.”

So for the rest of the day they worked and played  
And asked and answered the many ways  
They all were different and all were the same  
And all belonged in this world

The horse and zebra and giraffe and hippopotamus  
And elephant and monkey and curious, confident,  
Constantly, questioning boy and girl.

## **10) Helpful, Hopeful, Gentle, Kind**

Helpful, hopeful, gentle, kind  
That's what you are to me  
Helpful, hopeful, gentle, kind  
That's what I want to be

Kindness is a thing we share  
Kindness shows how much we care  
Knowing someone else is there  
With hopes and dreams like mine

Someone how can lend a hand  
Someone who will understand  
Someone with a special plan  
And hopes and dreams like mine

## **11) Count on Me**

Everybody (each line echoes)

Sometime

Needs a little helping hand

Everybody

Sometime

Needs a heart that understands

You need it

I got it

I'll be your light so you can see

You need it

I got it

Got your back, count on me

Everybody

Sometime

Hits a patch of stormy weather

Everybody

Sometime

Needs a hand to keep it together

You need it

I got it

I'll be your boat on the stormy sea

You need it

I got it

Got your back, count on me

## **12) I See It, I Say It (My Attitude of Gratitude)**

I see it, I say it

I see thankful things everywhere that I go

I see it, I say it

I say thanks out loud so that everyone knows

My Attitude of gratitude

The wonder of here and now

My attitude of gratitude

I take it all in and say it out loud

I see it, I say it

The faces and places I pass on the way

I see it, I say it

The music and magic of each night and day

Even when everything seems dark and gloomy

My gratitude attitude keeps flowing through me

I look for the good and guess what I find

When the light is gone, a glimmer of hope

When I'm hanging on, a little more rope

When it's messy and dirty, warm water and soap

All I to cope is here in my heart and mind

My Attitude of gratitude

The wonder of here and now

My attitude of gratitude

I take it all in and say it out loud

### **13) I'm Thankful for What I've Got**

I'm thankful for what I've got  
So thankful for what I've got  
For all the joy that is, for all the junk that's not  
I'm thankful for what I've got, yeah  
So thankful for what I've got

I may not eat at fancy restaurants  
But at least I don't have to eat coal  
I may not live in a mansion  
But at least I don't live on top a telephone pole

I'm thankful for what I've got  
So thankful for what I've got  
For all the joy that is, for all the junk that's not  
I'm thankful for what I've got, yeah  
So thankful for what I've got

I may not ride in a fancy car  
But I least I don't ride a giraffe  
I may not have a lot of money  
But it doesn't cost a penny to laugh (everybody laugh with me)

I'm thankful for what I've got  
So thankful for what I've got  
For all the joy that is, for all the junk that's not  
I'm thankful for what I've got, yeah  
So thankful for what I've got
