

MY BOX OF DREAMS LYRICS

1) My Box of Dreams

I close my eyes and open my box of dreams
I jump inside, reach deep and wide
For every surprise I see

My favorite toys come alive
I float like a cloud in the sky
Plants can walk, pets can talk
All I do is believe

When I close my eyes and open my box of dreams

Dinosaurs dancing with daisies and dandelions
Rippling river reflections of rainbows
Elevator Elephants
Astronaut Apples
Musical Monkeys
Silly socks sliding down shooting stars

I close my eyes and open my box of dreams
I jump inside, reach deep and wide
For every surprise I see

My favorite toys come alive
I float like a cloud in the sky
Plants can walk, pets can talk
All I do is believe

When I close my eyes and open my box of dreams

2) Hush Little Baby (traditional)

Hush little baby don't say a word

Daddy's gonna buy you a mocking bird

If that mocking bird don't sing

Daddy's gonna buy you a diamond ring

If that diamond ring don't shine

Daddy's gonna buy you a silver mine

If that silver mine don't pay

Daddy's gonna find you a better way

If that better way goes by

Daddy's gonna sing you a lullaby

If that lullaby ain't heard

Daddy's gonna buy you a mocking bird

3) I Love You

Time has come to lay down your head

Day is done. Every word is said

Except for three special words

I love you

I'll be close in the other room

Asleep like you, I'll be dreaming too

About all the special ways

I love you

I love you

I am surrounded by a sweet and peaceful feeling knowing

Love is the power that connects me forever to you

Time has come to lay down your head

Day is done. Every word is said

Except for three special words

I love you

4) Stars and Fireflies

Stars and fireflies
Sparkle through the night
Fireflies low and stars so high
Where do you get your light?

Teach me little firefly
Shining star teach me too
Give me wings so I can fly
And light up the sky like you

All day long I've stood with my feet on the ground
But something inside me has found a way to shine and fly
My heart can fly and my mind is a light
That grows brighter and brighter and longer and stronger each day

Stars and fireflies
Sparkle through the night
Fireflies low and stars so high
Where do you get your light?

Teach me little firefly
Shining star teach me too
Give me wings so I can fly
And light up the sky like you

5) C-A-R-E

C-A-R-E, C-A-R-E

That's a four letter word for my family

I care for you, you care for me

How do you spell it? C-A-R-E

C- count on cooperation

A- available in all situations

R- right where we really wanna be

E- everyone ever lovingly

Caring for the big ones

Caring for the little ones

Care for everyone, everywhere until I find

I can spell it in my heart and spell it in my mind

C-A-R-E, C-A-R-E

Careful, careful with my baby

6) Spinning

Patiently spinning, you move in mid air
Skillfully weaving your silvery strands
With great care

Back and forth, up and down, every end a beginning
Eight little spider legs dancing, spinning

Patiently spinning, see how your web grows
Wish I knew all of the magical things
That you know

Back and forth, up and down, every end a beginning
Eight little spider legs dancing, spinning

Wish I knew all the magic in you

Patiently spinning, your work is complete
Silvery, beautiful, magical strands
Your masterpiece

Now I know what you want me to see
My own beautiful masterpiece spinning inside of me

Back and forth, up and down, every end a beginning
I go dreaming, doing, dancing
Spinning

7) All Along the Way

Sometimes at night as I watch you sleeping
I wonder if I'm really keeping
All the words that I've been speaking
Do I live the things I say?

Although I know I make mistakes
I promise I'll do what it takes
To walk beside you
All along the way

I confess I don't always know
What's always best to help you grow
But with a heart full of love in control
It's going to be okay.

We'll share the laughter, shed some tears
I promise through the passing years
I'll walk beside you
All along the way

And as you dream I feel a sweet release
As if every missing puzzle piece
Will someday find its place with ease
All part of the whole

And as the light falls on your perfect face
I feel covered over with love and grace
Cozy in that forever place
You traced on my soul

I kiss your cheek and as I'm turning
I realize it's me that's learning
As my love for you inside is burning
Every doubt and fear away

Till it's clear, it's been you that's teaching
My promise is I'll keep reaching
To walk beside you
All along the way

8) Shine, Shine Beautiful Light

I love playing in the sunshine, wishing on a star

Dancing in the light of the moon

But my favorite light in this beautiful world

Is the light I see shining in you

Shine, shine beautiful light

Shine, shine, shine

My favorite light in this beautiful world

Is the light I see shining in you

Sometimes the way may be cloudy and dark

But a new day is dawning soon

'Cause my favorite light in this beautiful world

Is the light I see shining in you

Shine, shine beautiful light

Shine, shine, shine

My favorite light in this beautiful world

Is the light I see shining in you
