

I Belong To A Beautiful Family

VERSE:

Where we've been and where we're going
All we've learned and all we're knowing
The dreams we dream they keep on growing
Day by day

If there's a way, well, we will find it
The work is hard but I don't mind it
We've got a light, might as well shine it
Day by day, all the way

CHORUS:

I belong to a beautiful family
I've become a special part
I believe we'll keep on growing
The love in every heart

VERSE:

The ups and downs, well, we've been through it
The dream lives on, I always knew it
I can count on you, so I can do it
Day by day

So take my hand, we'll walk together
Through sunny days and stormy weather
Take the best and make it better
Day by day, all the way

CHORUS: Repeat CHORUS two times

ENDING:

We belong to a beautiful family
We belong to a beautiful family
We belong to a beautiful family
We belong to a beautiful family
