

MUSIC IN MY MOUTH Lyrics

1) Music In My Mouth

I've got something important to say
I'm gonna let it out
A song in my heart, a dream in my mind and
Music in my mouth

I've got the power to find a way
To reach beyond the doubt
With a song in my heart, a dream in my mind and
Music in my mouth

Sing it, say it, day by day
It's a game, let's play it
Find a way

I've got something important to say
I'm gonna let it out
A song in my heart, a dream in my mind and
Music in my mouth

Sing it, say it, find a way
It's a game, let's play it
Day by day

I've got the power to find a way
To speak without a doubt
With a song in my heart, a dream in my mind
and
Music in my mouth

2) Suzie The Snake

Suzie the snake
Slides through the grass
Suzie moves slow
But her tongue moves fast

Suzie the snake
Has smooth scales
From her slippery head
To her slippery tail

Suzie stops to hiss
Her hissing sounds like this

Sss sss sss sss

3) Licking Lollipops

Little Linda loves to lick her lollipop
Little Linda loves to lick her lollipop
Licking, licking, longer, longer
Will she ever stop
Little Linda loves to lick her lollipop

Little Larry loves to lick his lollipop
Little Larry loves to lick his lollipop
Licking, licking, longer, longer
Will he ever stop
Little Larry loves to lick his lollipop

4) Randy the Orangutan

Randy the orangutan
Randy the orangutan

(Find the banana, find the banana)

Randy's banana is really ripe
Really ripe, really ripe
Randy's banana is really ripe
Randy the orangutan

(Eat the banana, eat the banana)

Randy's belly is really round
Really round, really round
Randy's belly is really round
Randy the orangutan

(Ate too much, ate too much)

Randy's face is really red
Really red, really red
Randy's face is really red
Randy the orangutan

Ripe banana, round belly, red face
Randy the orangutan

Ripe banana, round belly, red face
Randy the orangutan

5) Tip of My Tongue

When I say a word with the "L" sound
Where's the tip of my tongue?

Where's the tip of my tongue?
On the l-l-lid of my mouth
Where's the tip of my tongue?
On the l-l-lid of my mouth

Limes last longer
Let's live life

O.K., when I say a word with the "t" sound
Where's the tip of my tongue?

Where's the tip of my tongue?
On the back of my t-t-teeth
Where's the tip of my tongue?
On the back of my t-t-teeth

Two tummy tickles
Time to talk

When I say teeth
When I say mouth
My tongue's allowed to come out
Teeth and mouth

Where's the tip of my tongue?
Somewhere in my mouth

6) Word Makin' Machine

I'm a word makin' machine
I was built to talk
My words are like a fancy car
I don't have to walk

A car uses power
To turn the wheels
I use my words to express the way I feel

My brain is like the starter
That's where the word begins
Air in the lungs is gasoline
Gotta let that fuel on in

My voice box is the motor
An engine makin' sound
Then my lips and teeth and tongue
Move the sound around

I'm a word makin' machine
From start to finish and everything in between
Too cool to go fast
I'm just cruisin' the scene
I'm a word makin' machine

7) **Breathe**

I feel the air go in
I feel the air go out
Peaceful as a lullaby
Quiet as a mouse

8) Turtle Talk/Bouncing Bunny

Turtle talk, turtle talk
Smooth and steady turtle talk
No need to run it's fun to walk
Smooth and steady turtle talk

Bouncing bunny, bouncing bunny
Rapid rabbit running really fast
When they tell me to slow down
I give it the gas

I'm never very careful
So I always end up last
Bouncing bunny, bouncing bunny
Rapid rabbit running really fast

Turtle talk, turtle talk
Smooth and steady turtle talk
No bumps, no worries, no need to hurry
Smooth and steady turtle talk

9) Food, It's O.K. !

Look at the food - it's O.K.
Sitting on the plate
Until I make a move, the food just sits and waits

Pick up the food - it's O.K.
Any way I can
With a spoon or fork or maybe just my hand

Smell the food - it's O.K.
Sometimes it has a smell
Until I taste it, I can't really tell

Taste the food - it's O.K.
Stick out the tip of my tongue
Tastes decent
I guess eating can be fun

Food in the mouth - it's O.K.
Here goes, what a trip
Let it slip right between my lips

Chew the food - it's O.K.
Moving up and down
Making little pieces before it goes down

Swallow the food - it's O.K.
Down out of sight
Take a breath, get ready for another bite

Look at the food - it's O.K.

10) Ask Me

What is missing?
The ball is missing

When did it happen?
When you weren't looking

Who took it?
I took it

Where is it now?
Here in my hand

Why did you do it?
Why did I do it?

So we could play ask me

(Repeat with star, leaf, etc.)

11) Hello Neighbor, I'm a Farmer

Hello neighbor, I'm a farmer living next to you
I have one of everything, you can call me Sue

One dog, one cat, one cow, one duck
One rake, one hat, one barn, one truck

Hello neighbor, I'm a farmer, you can call me Lou
If we put our stuff together, one and one makes two

Two dogs, two cats, two cows, two ducks
Two rakes, two hats, two barns, two trucks

Lots of neighbors, lots of farmers, next to Sue and Lou
All with one of everything, makes much more than two

More dogs, more cats, more cows, more ducks
More rakes, more hats, more barns, more trucks

12) Now Your Dressed

(Sha na na na, now you're dressed)

Put on your shirt
Put on your pants
Put on your socks
Now do a little dance

Now you're dressed, now you're dressed

Put on your shoes
Put on your hat
Now you're dressed
Just like that!

Now you're dressed, now you're dressed

13) My Family

I love my family (mommy - daddy).
My family loves me.
We love each other,
My family and me.

I love my grandma (grandpa).
My grandma loves me.
We love each other my grandma and me.

She's (he's) the one, no I wouldn't take another,
cause my grandma (grandpa) and me

We were meant for each other you see.

14) Hands

If you need some help
I've got a hand and hands are for helping.

If you need a hug
I've got a hand and hands are for hugging.

If you need to hold
I've got a hand and hands are for holding.

If you need some help, to hug or hold,
I've got a hand.

Hand in hand we make a circle
Every boy and girl.

In our helping hands we hold the future of the world.

15) Self-Control

I go fast, fast, fast. Fast, fast, fast is the way I go,
And then I stop!
Put it on hold. I've got self-control.

I go slow, slow, slow.
Slow, slow, slow is the way I go,
And then I stop!
Put it on hold. I've got self-control.

I can wait my turn in line.
(Wait, wait, wait another minute
Just another minute with nothing else in it).
Until it's my turn to go.
Wait, wait, wait. Five, six, seven, eight.
And when it's my turn to go,

You know that I go fast, fast, fast.
Fast, fast, fast is the way I go,
And then I stop!
Put it on hold. I've got self-control.

16) I Can Do It

Hello boys and girls, it so good to see your face,
I love to come to this happy place.
Where we sing and laugh and learn and play.
Let's put one thumb up, two thumbs ups,
Point to yourself and say,

I can do it, I can do it, I can do it.
I put my heart and my mind to it, and I can do it.

I can tie my shoes, read my books, sing the alphabet through.
I can write my name, write my numbers, there's tons of things that I can do.
Like be kind to my friends.

I can do it, I can do it, I can do it.
I put my heart and my mind to it, and I can do it. I can do it.

What I tell myself is a powerful thing,
Turns night to day, winter to spring.
When I start to feel it in my heart and hear it in my mind,
When I hear it in my mind, I find that

I can do it. I can do it, I can do it.
I put my heart and my mind to it, I can do it. I can do it.
I----- can do it!

I can do it, I can do it. I can do it!
